

Employment Opportunity at **Transpro LLC (www.transprollc.com)**

A very successful statewide transportation company has an immediate need for a full time maintenance technician to operate a mobile service truck at multiple sites throughout Massachusetts. The candidate will form part of the company's Transportation Center (TC), which manages the transportation of over 2000 children statewide from parent homes to family day care providers. The TC is located in Malden, MA.

The ideal candidate resides in the general vicinity of Boston or North Shore areas, has worked a minimum of 3-5 years as a certified Automotive Service Excellence (ASE) mechanic and has experience operating a mobile service truck. The primary function will be to perform preventive maintenance services and general repairs to a fleet of approximately 90 Ford and GMC vans and buses.

The candidate is expected to provide his/her own tool set.

A company truck, equipped with parts inventory and oil lubricants, will be provided. The technician, in collaboration with the TC staff, is expected to use repair orders, maintain detailed records of work performed and monitor parts inventory.

This is a full time position (40 hours per week) requiring good communication skills and flexibility with schedule. Working evenings and weekends is required. Bilingual (Spanish & English) candidates are encouraged to apply.

If you meet the criteria mentioned above and would like to be considered for this challenging opportunity, forward your resume via email to [ed@transprollc.com](mailto:ed@transprollc.com).
